

Aerial Extreme - Site Manager (seasonal full time contract)

Location: Bedale (North Yorkshire)

Dates: Mid January – 30th November 2010

Salary and Benefits: £20,000 per annum pro rata plus bonus

Closing date: 31st October 2009

Aerial Extreme

Aerial Extreme provides the UK's best adventure ropes course experience with thousands of people coming to us in their leisure time to combine the thrill of a theme park with an outdoor adventure. We're now looking for an enthusiastic individual to manage our North Yorkshire site. We are determined to provide the best possible customer care, so you will need to have a friendly and customer focused manner as well as a head for heights!

As Site Manager you will be fully responsible for the day-to-day management of your site. In order to achieve and exceed the sites targets, you need to understand your key responsibilities, which include:

- Ensuring the site is consistently delivering five star customer service
- Selecting, training, motivating, managing and leading all site staff
- Increasing sales by improving customer throughput
- Maximising profitability by controlling overheads
- Ensuring that as a minimum, the site complies with all the companies systems and procedures, including Health & Safety

Characteristics

- Enjoy and welcome the challenge of remote leadership, working under your own initiative without regular supervision. This necessitates you taking full responsibility for your site.
- Be an effective people person in dealing with customers, staff and suppliers, therefore good leadership and communication skills are essential.
- Keep a strategic perspective, i.e. understand and control the detail without getting bogged down in it!
- Show sound commercial judgement.
- Be dynamic, persistent and flexible. Your cup will be 'half full'!

We Offer

- Fixed term contracts of employment in stunning surroundings
- Comprehensive training

Desirable

- A first aid certificate
